|                        |

The notes on pages 3 to 5 form part of these financial statements.

## Beta Thinking Limited Notes to the Financial Statements For The Year Ended 30 June 2019

## 1. Accounting Policies

## 1.1. Basis of Preparation of Financial Statements

The financial statements are prepared under the historical cost convention and in accordance with the FRS 102 Section 1A Small Entities - The Financial Reporting Standard applicable in the UK and Republic of Ireland and the Companies Act 2006.

#### 1.2. Turnover

Turnover is measured at the fair value of the consideration received or receivable, net of discounts and value added taxes. Turnover includes revenue earned from the rendering of services. Turnover is reduced for estimated customer returns, rebates and other similar allowances.

### Rendering of services

Turnover from the rendering of services is recognised by reference to the stage of completion of the contract. The stage of completion of a contract is measured by comparing the costs incurred for work performand to detect a service of the stage of completion of a contract is measured by comparing the costs incurred for work performand to detect a service of the stage of completion of a contract is measured by comparing the costs incurred for work performand to detect a service of the stage of completion of the costs incurred for work performand to detect a service of the stage of completion of the costs incurred for work performand to detect a service of the stage of completion of the costs incurred for work performance of the stage of completion of the costs incurred for work performance of the stage of completion of the costs incurred for work performance of the stage of completion of the costs incurred for work performance of the stage of completion of a contract is measured by comparing the costs incurred for work performance of the stage of completion of a contract is measured by comparing the costs incurred for work performance of the stage of completion of a contract is measured by comparing the costs incurred for work performance of the stage of completion of a contract is measured by comparing the costs incurred for work performance of the costs incurred for work perfo

Computer Equipment

25% on reducing balance

### 1.4. Taxation

Income tax expense represents the sum of the tax currently payable.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit as reported in the statement of comprehensive income because of items of income or expense that are taxable or deductible in other year and items that are never taxable or deductible. The some and items that are never taxable or deductible. The some and items that are never taxable or deductible. The some and items that are never taxable or deductible. The some and items that are never taxable or deductible in the some and items that are never taxable or deductible. The some and items that are never taxable or deductible in the some and items that are never taxable or deductible. The some and items that are never taxable or deductible in the statement of the statement of the some and items that are never taxable or deductible. The some and items that are never taxable or deductible in the statement of the state

Current tax for the year is recognised in profit or loss, except when they related to items that are recognised in other comprehensive income or directly in equity, in which case, the current tax is also recognised in other comprehensive income or directly in equity respectively.
