**NOTES TO THE ACCOUNTS
FOR THE YEAR ENDED 30 APRIL 2015**

1. ACCOUNTING POLICIES

1a. Basis Of Accounting

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

1b. Depreciation

Depreciation has been provided at the following rates in order to write off the assets over their estimated useful lives.

Equipment	reducing balance 25%
-----------	-------------------------

1c. Taxation

Corporation tax payable is provided on taxable profits at the current rates.

Provision is made for deferred taxation in so far as a liability or asset has arisen as a result of transactions that had occurred by the balance sheet date and have given rise to an obligation to pay more tax in the future, or the right to pay less tax in the future. An asset has not been recognised to the extent that the transfer of economic benefits in the future is uncertain. Deferred tax assets and liabilities recognised have not been discounted.

1d. Pension Costs

The company operates a defined contribution pension scheme. Contributions are charged to the profit and loss account as they become payable in accordance with the rules of the scheme.

1e. Turnover

Turnover represents the invoiced value of goods and services supplied by the company, net of value added tax and trade discounts.

1f. Investments

Fixed asset investments are shown at cost less amounts written off.

Provisions are made for permanent fluctuations in value.

1g. Group Accounts

The financial statements present information about the company as an individual undertaking and not about its group. The company and its subsidiary undertaking comprise a small-sized group. The company has therefore taken advantage of the exemptions provided by section 399 of the Companies Act 2006 not to prepare group accounts.
