# Notes to the Abbreviated Accounts for the period ended 30 September 2013

### 1 Accounting Policies

#### Basis of measurement and preparation of accounts

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities effective April 2008.

#### **Turnover policy**

The turnover shown in the profit and loss account represents amounts invoiced and income earned during the year exclusive of Value Added Tax.

#### Tangible assets depreciation policy

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

Leasehold property - Amortised over 15 years. Plant and software development - Straight line method, over 3 years.

Fixtures & fittings - 20% Straight line method.

Malara d'alara 200/ Charlada l'arana la d

Motor vehicles - 20% Straight line method.

### **Intangible assets amortisation policy**

Amortisation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

Goodwill - Amortised over 20 years (following the year of purchase).

## Other accounting policies

Hire purchase agreements

Assets held under hire purchase agreements are capitalised and disclosed under tangible fixed assets at their fair value. The capital element of the future payments is treated as a liability and the interest is charged to the profit and loss account on a straight line basis.

Operating lease agreements

Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged against profits on a straight line basis over the period of the lease.

Pension costs

The company operates a defined contribution pension scheme for employees. The assets of the scheme are held separately from those of the company. The annual contributions payable are charged to the profit and loss account.

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as either financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.
