## 1 Accounting Policies

### Basis of accounting

The financial statements are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

### Turnover

Turnover comprises the invoiced value of goods and services supplied by the company, net of Value Added Tax and trade discounts.

### Operating lease rentals

Rentals payable under operating leases are charged against income on a straight line basis over the lease term.

### Finance lease and hire purchase charges

The finance element of the rental payment is charged to the profit and loss account on a straight line basis.

### Pension Costs

The company operates a defined contribution pension scheme for the benefit of its directors/and employees. Contributions payable are charged to the profit and loss account in the period in which they are payable.

### Foreign currency

Monetary assets and liabilities denominated in foreign currencies are translated into sterling at the rate of exchange ruling at the balance sheet date. Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction. All foreign exchange differences are included to the profit and loss account.

### Deferred taxation

Deferred taxation arises when items are charged or credited in accounts in different periods to those in which they are included in the company's tax computations. Deferred tax is provided in full on timing differences that result in an obligation to pay more (or less) tax at a future date. Deferred tax is calculated at the average rates that are expected to apply when the timing differences reverse, based on current tax rates and laws. The resulting deferred tax asset or liability is not discounted.

### Dividends

Proposed dividends are only included as liabilities in the financial statements when their payment has been approved by the shareholders prior to the balance sheet date.

### Tangible fixed assets

Tangible fixed assets, other than freehold land, are stated at cost or valuation less depreciation and any provision for impairment. Depreciation is provided at rates calculated to write off the cost or valuation of fixed assets, less their estimated residual value, over their expected useful lives on the following basis:

Land and Buildings	0% Straight line
--------------------	------------------

Fairfield Displays And Lighting Limited  
Notes to the Abbreviated Financial Statements  
For the year ended 31 December 2014

Office and Computer Equipment	25% Straight line
Motor Vehicles	25% Straight line
Fixtures and Fittings	10% Straight line

No depreciation is provided on the company's freehold properties since in the opinion of the directors the expected useful lives are sufficiently long and the estimated residual values are sufficiently high that any such depreciation would be immaterial. The directors undertake an annual impairment review of these properties.

### Stocks

Stocks are valued at the lower of cost and net realisable value after making due allowance for obsolete and slow moving items. Cost includes all direct costs and an appropriate proportion of fixed and variable overheads.

## 2 Tangible fixed assets

<b>Cost or valuation</b>	<b>Tangible fixed assets £</b>
At 01 January 2014	1,278,883
Additions	9,648
At 31 December 2014	<b>1,288,531</b>
<b>Depreciation</b>	
At 01 January 2014	624,401
Charge for year	26,859
At 31 December 2014	<b>651,260</b>
<b>Net book values</b>	
At 31 December 2014	<b>637,271</b>
At 31 December 2013	<b>654,482</b>

The freehold property was last valued on an open market value basis at £620,000 in 2008 based on an independent valuation. The directors undertake an annual impairment review of this property. Included within the freehold property is land with a value of £100,000 which is not depreciated.
