- For the year ending 31 December 2013 the company was entitled to exemption under section 477 of the Companies Act 2006 relating to small companies.
- The members have not required the company to obtain an audit in accordance with section 476 of the Companies Act 2006.
- The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of accounts.
- These accounts have been prepared in accordance with the provisions applicable to companies subject to the small companies regime.

Approved by the Board on 29 September 2014

And signed on their behalf by:

G Layzell, Director

Notes to the Abbreviated Accounts for the period ended 31 December 2013**1 Accounting Policies****Basis of measurement and preparation of accounts**

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities effective April 2008.

Turnover policy

Turnover represents the total value of goods, excluding value added tax, provided to customers during the year, plus the value of work, excluding value added tax, performed during the year with respect to services.

Tangible assets depreciation policy**Tangible Fixed Assets**

Depreciation is provided at rates calculated to write off the cost less residual value of each asset over its expected useful life, as follows:

Plant and Machinery - 15% reducing balance

Fixtures and fittings - 15% reducing balance

Motor vehicles - 25% reducing balance

Tangible fixed assets are stated at cost less accumulated depreciation.

Other accounting policies**Leasing**

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible assets and depreciated over the shorter of the lease term and their useful lives. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the profit and loss account so as to produce constant periodic rates of charge on the net obligations outstanding in each period.

Stock

Stock is valued at the lower of cost and net realisable value.

Pensions

The pension costs charged in the financial statements represent the contribution payable by the company during the year.

Deferred Tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more, tax.

Deferred tax is measured on an undiscounted basis at the rates that are expected to apply in the periods in which timing differences reverse, based upon tax rates and laws enacted or substantially enacted at the balance sheet date.

2 Tangible fixed assets

	<i>£</i>
Cost	<i>£</i>
