Notes to the Financial Statements for the Period 7 April 2018 to 30 September 2019

1. Statutory information

McCarroll Consultancy Ltd is a private company, limited by shares , registered in England

and Wales. The company's registered number and registered office address can be found

on the Company Information page.

2. Accounting policies

Basis of preparing the financial statements

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

Turnover

Turnover is measured at the fair value of the consideration received or receivable, excluding

discounts, rebates, value added tax and other sales taxes.

Revenue from the rendering of services is measured by reference to the stage of completion

of the service transaction at the end of the reporting period provided that the outcome can

be reliably estimated. When the outcome cannot be reliably estimated, revenue is recognised only to the extent that expenses recognised are recoverable.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Computer - 33% on cost

Taxation

Taxation for the period comprises current and deferred tax. Tax is recognised in the Income

Statement, except to the extent that it relates to items recognised in other comprehensive

income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws

have been enacted or substantively enacted by the statement of financial position date.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not

reversed at the statement of financial position date.

Timing differences arise from the inclusion of income and expenses in tax assessments in

periods different from those in which they are recognised in financial statements. Deferred

tax is measured using tax rates and laws that have been enacted or substantively enacted

by the period end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it

is probable that they will be recovered against the reversal of deferred tax liabilities or other

future taxable profits. Page 3
