**1. Accounting Policies**

**1.1. Basis of Preparation of Financial Statements**

The financial statements are prepared under the historical cost convention and in accordance with the FRS 102 Section 1A Small Entities - The Financial Reporting Standard applicable in the UK and Republic of Ireland and the Companies Act 2006.

**1.2. Turnover**

Turnover comprises the invoiced value of goods and services supplied by the company, net of Value Added Tax and trade discounts. Income is derived, in the main, from activities within the UK.

**1.3. Tangible Fixed Assets and Depreciation**

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost of the fixed assets, less their estimated residual value, over their expected useful lives on the following bases:

Motor Vehicles	25% Straight Line
----------------	-------------------

**1.4. Stocks and Work in Progress**

It is the directors policy to maintain stocks of raw materials for several years as the company is the only supplier of spare parts for their machines.

Stocks and work in progress are valued at the lower of cost and net realisable value after making due allowance for obsolete and slow-moving stocks. Cost includes all direct costs and an appropriate proportion of fixed and variable overheads. Work-in-progress is reflected in the accounts on a contract by contract basis by recording turnover and related costs as contract activity progresses. It is the directors policy to maintain stocks of raw materials for several years as the company is the only supplier of spare parts for their machines.

The company manufactures specialist machines and it is the policy of the directors to build the machines and then to modify them in respect of specific orders. Additionally, old machines are returned to the company and reused for parts. Thus it is the directors policy to hold work in progress and finished goods for several years as this stock can be sold in different forms. The directors consider that these stocks will maintain their value over time.

**4. Average Number of Employees**
