## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 29 FEBRUARY 2020

---

### 1 Accounting policies

#### Company information

Quayside Homes Limited is a private company limited by shares incorporated in England and Wales. The registered office is Hardys Yard, London Road, Riverhead, Sevenoaks, Kent, TN13 2DN.

#### 1.1 Accounting convention

These financial statements have been prepared in accordance with FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" ("FRS 102") and the requirements of the Companies Act 2006 as applicable to companies subject to the small companies regime. The disclosure requirements of section 1A of FRS 102 have been applied other than where additional disclosure is required to show a true and fair view.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £1.

The financial statements have been prepared under the historical cost convention modified to include revaluation of investment property at fair value. The principal accounting policies adopted are set out below.

#### 1.2 Going concern

The financial statements have been prepared on a going concern basis. The directors have considered relevant information, including the annual budget, forecast future cash flows and the impact of subsequent events in making their assessment. The COVID-19 pandemic and the ensuing economic shutdown has had an impact on the company's operations, as while all building sites continued to operate, the nationwide lockdown resulted in delays in sourcing materials.

In response to the COVID-19 pandemic, the directors have performed a robust analysis of forecast future cash flows taking into account the potential impact on the business of possible future scenarios arising from the impact of COVID-19. This analysis also considers the effectiveness of available measures to assist in mitigating the impact

Based on these assessments and having regard to the resources available to the entity, the directors have concluded that there is no material uncertainty in relation to the appropriateness of the going concern basis and that they can continue to adopt the going concern basis in preparing the annual report and accounts. The company is also part of a group, and the directors have confirmed they can draw on support of the group, if needed.

#### 1.3 Revenue

Revenue comprises income recognised by the company in respect of the sale of property sold during the year and is recognised upon the date of completion, exclusive of VAT.

#### 1.4 Investment properties

Investment property, which is property held to earn rentals and/or for capital appreciation, is initially recognised at cost, which includes the purchase cost and any directly attributable expenditure. Subsequently it is measured at fair value at the reporting end date. The surplus or deficit on revaluation is recognised in profit or loss.

#### 1.5 Inventories

Work in progress represents all direct costs and an appropriate proportion of fixed and variable overheads to date in relation to the housing development still under construction.

Properties for resale are valued at the lower of cost and net realisable value. All properties are held for resale.

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

**FOR THE YEAR ENDED 29 FEBRUARY 2020**

---

### **1 Accounting policies**

**(Continued)**

At each reporting date, an assessment is made for impairment. Any excess of the carrying amount of inventories over its estimated selling price less costs to complete and sell is recognised as an impairment loss in profit or loss. Reversals of impairment losses are also recognised in profit or loss.

#### **1.6 Cash and cash equivalents**

Cash and cash equivalents are basic financial assets and include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

#### **1.7 Financial instruments**

The company has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments.

##### ***Basic financial assets***

Basic financial assets, which include trade and other receivables and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost.

##### ***Basic financial liabilities***

Basic financial liabilities, including trade and other payables, bank loans and loans from fellow group companies, are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future receipts discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

#### **1.8 Equity instruments**

Equity instruments issued by the company are recorded at the proceeds received, net of direct issue costs. Dividends payable on equity instruments are recognised as liabilities once they are no longer at the discretion of the company.

All called up share capital is allotted and fully paid.

#### **1.9 Taxation**

The tax expense represents the sum of the tax currently payable and deferred tax.

##### ***Current tax***

The tax currently payable is based on taxable profit for the year.

##### ***Deferred tax***

Deferred tax liabilities are generally recognised for all timing differences and deferred tax assets are recognised to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Such assets and liabilities are not recognised if the timing difference arises from goodwill or from the initial recognition of other assets and liabilities in a transaction that affects neither the tax profit nor the accounting profit.

#### **1.10 Employee benefits**

The costs of short-term employee benefits are recognised as a liability and an expense.

#### **1.11 Retirement benefits**

Payments to defined contribution retirement benefit schemes are charged as an expense as they fall due.
