Notes to the Abbreviated Accounts for the period ended 31 July 2012**1 Accounting Policies****Basis of measurement and preparation of accounts**

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities effective April 2008.

Turnover policy

Turnover represents net invoiced sales of goods and services, excluding value added tax, and is recognised in the period to which it relates.

Tangible assets depreciation policy

Depreciation is provided at 15% on a reducing balance basis on Plant and machinery and Fixtures and fittings and one third of cost on a straight line basis for Computer equipment.

Intangible assets amortisation policy

Intellectual property costs and computer software costs are amortised over four years on a straight line basis.

Other accounting policies**Going concern**

The directors have formed a judgment, at the time of approving the financial statements, that there is a reasonable expectation that the company has adequate resources to continue operating for the foreseeable future. The judgement is based on the company's forecasts and on enquiries of the directors, who believe that the company's cash flow will be sufficient to meet liabilities for a period of twelve months from the date the accounts are approved. For this reason the directors have continued to adopt the going concern basis in preparing the financial statements.
