For the year ending 31 March 2016 the company was entitled to exemption under section 477 of the Companies Act 2006 relating to small companies.

The members have not required the company to obtain an audit in accordance with section 476 of the Companies Act 2006.

The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of accounts.

These accounts have been prepared in accordance with the provisions applicable to companies subject to the small companies regime.

Approved by the Board on 16 December 2016 and signed on its behalf by:

.....
Mr T W Benson
Director

The notes on pages [2](#) to [3](#) form an integral part of these financial statements.

Vermont Classics Limited
Notes to the Abbreviated Accounts for the Year Ended 31 March 2016

1 Accounting policies

Basis of preparation

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (Effective January 2015).

Going concern

The financial statements have been prepared on a going concern basis.

Turnover

Turnover represents amounts chargeable, net of value added tax, in respect of the sale of goods and services to customers.

Depreciation

Depreciation is provided on tangible fixed assets so as to write off the cost or valuation, less any estimated residual value, over their expected useful economic life as follows:

Asset class	Depreciation method and rate
Plant and equipment	25% reducing balance
Motor vehicles	25% reducing balance
Computer equipment	33% reducing balance

Stock and work in progress

Stock and work in progress are valued at the lower of cost and net realisable value, after due regard for obsolete and slow moving stocks. Net realisable value is based on selling price less anticipated costs to completion and selling costs. Cost includes all direct costs and an appropriate proportion of fixed and variable overheads.

Hire purchase and leasing

Rentals payable under operating leases are charged in the profit and loss account on a straight line basis over the lease term.

Financial instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities. Where shares are issued, any component that creates a financial liability of the company is presented as a liability in the balance sheet. The corresponding dividends relating to the liability component are charged as interest expense in the profit and loss account.
