Bartek Developments (Coventry) Limited

Report of the directors for the year ended 30 September 2011

The directors present their report together with the audited financial statements for the year ended 30 September 2011

Results

The profit and loss account is set out on page 5 and shows the profit for the year

Principal activities

The company's principal activity is, and will continue to be, that of property development

Indemnity provision

Third party indemnity cover for the directors was in place during the financial year and at the year end

Going concern

Whilst the directors have taken all necessary actions to mitigate the impact of these conditions which include post year-end managed reduction of bank funding requirements, monitoring of working capital requirements and management of available facilities they have also carefully considered likely future trading and resultant cashflows in order to prepare these financial statements on a going concern basis

The company is party to group facilities with Bank of Scotland ("group's lenders") which comprise a loan of £5.1m and a working capital facility of £500k. Whilst these facilities formally expired on 31 October 2009 the group's lenders have continued to support the group on a rolling basis and current facilities have been extended by a further 12 months to 30 April 2012 with an indication of a further 12-month extension subsequent to this date

As part of the directors' review of going concern, detailed profit and cash flow forecasts have been prepared for the group until September 2013 which are supported by current activity levels, assessments of the likely demand from clients and the results achieved in the period to 30 November 2011

On the above basis the Directors continue to adopt the going concern basis in preparing the financial statements

Directors' responsibilities

The directors are responsible for preparing the directors' report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and accounting estimates that are reasonable and prudent,
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

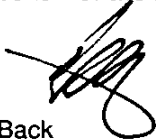

Auditors

All of the current directors have taken all the steps that they ought to have taken to make themselves aware of any information needed by the company's auditors for the purposes of their audit and to establish that the auditors are aware of that information. The directors are not aware of any relevant audit information of which the auditors are unaware.

BDO LLP have expressed their willingness to continue in office and a resolution to re-appoint them will be proposed at the annual general meeting.

In preparing this directors' report advantage has been taken of the small companies' exemption.

Bartek Developments (Coventry) Limited

Notes forming part of the financial statements for the year ended 30 September 2011

1 Accounting policies

The financial statements have been prepared under the historical cost convention

The following principal accounting policies have been applied

Cash flow statement

The company has taken advantage of the exemption conferred by Financial Reporting Standard 1 'Cash Flow Statements (Revised 1996)' not to prepare a cash flow statement on the grounds that it is a 'small' company under the Companies Act 2006

Turnover

Turnover represents the sale of development properties to external customers at invoiced amounts less value added tax or local taxes on sales

Stocks

Stocks are valued at the lower of cost and net realisable value. Cost is based on the cost of purchase on a first in, first out basis. Net realisable value is based on estimated selling price less additional costs to completion and disposal.

Long-term contracts are assessed on a contract by contract basis and are reflected in the profit and loss account by recording turnover and related costs as contract activity progresses. Where the outcome of each long-term contract can be assessed with reasonable certainty before its conclusion, the attributable profit is recognised in the profit and loss account as the difference between the reported turnover and related costs for that contract.

Related party disclosures

The company is a wholly owned subsidiary of Bartek Developments (Holdings) Limited and has taken advantage of the exemption conferred by Financial Reporting Standard 8 'Related party disclosures' not to disclose transactions with Bartek Developments (Holdings) Limited or other wholly owned subsidiaries within the group.

Going concern

Despite the underlying economic conditions impacting on the UK property market the company generated a profit before tax of £63,817 for the year ended 30 September 2011 and ended with net assets of £128,036 at that date.

Whilst the directors have taken all necessary actions to mitigate the impact of these conditions which include post year-end managed reduction of bank funding requirements, monitoring of working capital requirements and management of available facilities they have also carefully considered likely future trading and resultant cashflows in order to prepare these financial statements on a going concern basis.
