4. PROGRESS DURING THE PERIOD

Attached at Appendix 1 is our abstract of receipts and payments for the period from 11 July 2011 to 10 July 2012

Trucks and Trailers

The company's main assets comprised of leased trucks and trailers subject to finance agreements with several different finance companies. We instructed our agents, Sanderson Weatherall ("Weatheralls"), to appraise the Company's assets and were subsequently advised by Weatheralls that there was equity available in several of the vehicles. Following the appraisal of the Company's assets and, in line with Weatherall's advice, we proceeded with a sale of the vehicles which were identified as having equity. The total sum of £212,000 was realised in this regard, with payments of £140,638 being made to the relevant finance companies in full and final settlement of the outstanding amounts due to them under the relevant agreements, further details of which are provided in section five of this report.

The remaining leasehold vehicles, which were not identified as having equity, were repossessed by the respective finance companies with whom the vehicles were financed.

In addition to the above the Company also owned several unencumbered vehicles and trailers. These assets were appraised and sold by Weatheralls, with the sum of £24,000 being realised.

Total realisations from the sale of Vehicles and trailers amounted to £236,000

Book debts

The Company's book debt ledger was factored with Royal Bank of Scotland Invoice Finance ("RBSIF"). At the date of our appointment, the book debt ledger totalled £265,033 with the sum of £186,900 owing to RBSIF.

RBSIF continued to collect the ledger with the assistance of a former employee of the Company and upon receiving amounts outstanding to them in full they remitted the surplus amount they were holding of £3,223 to the liquidators. The remaining balance on the ledger of £74,029 was reassigned to the liquidators for collection.

However these remaining book debts had already been identified by the Company as uncollectable due to agreed write offs, disputes and contras. The Company's former employee, who assisted with the book debt collection process, was unable to collect these amounts.

The remaining book debt ledger will now be written off as irrecoverable.

Since the commencement of the Liquidation the following receipts and payments have been accounted for:

Book Debts

Following collection of the Company's book debt ledger by RBSIF the surplus on the ledger, in the sum of £3,223, has been paid to the liquidation. In addition, the sum of £450 has also been received from one debtor.

As detailed above, the sum of £236,000 has been received following the sale of the Company's motor vehicles and trailers.

Bank Interest

Royal Bank of Scotland Invoice Finance

The Company's book debt ledger was factored with RBSIF who held a fixed and floating charge debenture created on 21 July 2006 and registered at Companies House on 22 July 2006. The total amount outstanding to RBSIF as at the date of appointment was £186,900

National Westminster Bank Plc ("Natwest")

Preferential claims of employees for arrears of wages, salary and holiday pay are estimated at £16,477

Unsecured creditors were estimated at £694,027

On the basis of realisations to date and estimated future realisations we estimate an outcome for each class of the Company's creditors as follows

Secured creditor

Royal Bank of Scotland Invoice Finance

Natwest

A distribution in the sum of £44,369 has been paid to Natwest in accordance with the security held by them

Preferential creditors

We consider that there will be sufficient funds for a dividend to be paid to preferential creditors

Prescribed Part for unsecured creditors pursuant to Section 176A of the Act

Section 176A of the Act provides that, where the company has created a floating charge on or after 15 September 2003, the liquidator must make a prescribed part of the Company's net property available for the unsecured creditors and not distribute it to the floating charge holder except in so far as it exceeds the amount required for the satisfaction of unsecured debts. Net property means the amount which would, were it not for this provision, be available to floating charge holders out of floating charge assets (i.e. after accounting for preferential debts and the costs of realising the floating charge assets). The prescribed part of the Company's net property is calculated by reference to a sliding scale as follows

- 50% of the first £10,000 of net property,
- 20% of net property thereafter,

- Up to a maximum amount to be made available of £600,000

A liquidator will not be required to set aside the prescribed part of net property if

- the net property is less than £10,000 and the liquidator thinks that the cost of distributing the prescribed part would be disproportionate to the benefit, (Section 176A(3)) or
- the liquidator applies to the court for an order on the grounds that the cost of distributing the prescribed part would be disproportionate to the benefit and the court orders that the provision shall not apply (Section 176A(5))

We have estimated, to the best of our knowledge and belief, the Company's net property, as defined in Section 176A(6) of the Act, to be £59,210 and the prescribed part of the Company's net property to be £14,842

Unsecured creditors

We consider that a distribution will be made to unsecured creditors of the Company from the Prescribed Part pursuant to Section 176A of the Act, however the timing of the distribution cannot yet be confirmed

6. REMUNERATION & DISBURSEMENTS

Our remuneration has been fixed by a resolution of creditors at the meeting held pursuant to Section 98 of the Act by reference to the time properly given by us (as liquidators) and the various grades of our staff calculated at the prevailing hourly charge out rates of Begbies Traynor (Central) LLP in attending to matters arising in the liquidation and we are authorised to draw disbursements, including disbursements for services provided by our firm (defined as category 2 disbursements in Statement of Insolvency Practice 9) in accordance with our firm's policy, details of which accompanied the Statement of Affairs and other information presented to the meeting of creditors convened pursuant to Section 98 of the Act and which is attached at Appendix 2 of this report

Our time costs for the period from 11 July 2011 to 10 July 2012 amount to £27,385 50 which represents 132 80 hours at an average rate of £206 22 per hour

The following further information in relation to our time costs and disbursements is set out at Appendix 2

- Table of time spent and charge-out value for the period 11 July 2011 to 10 July 2012
- Begbies Traynor (Central) LLP's policy for re-charging disbursements
- Begbies Traynor (Central) LLP's charge-out rates

To 10 July 2012, we have drawn the total sum of £10,000 plus disbursements of £284 29 on account

In addition, we have also drawn the sum of £5,000 in respect of our fee for the preparation of the Company's Statement of Affairs

Details of the Category 2 disbursements and also disbursements that should be treated as Category 2 disbursements that have been taken in accordance with the approval obtained are provided in the narrative summary of time costs incurred which is at Appendix 2

7. LIQUIDATORS' EXPENSES

A statement of the expenses incurred during the period of this progress report is attached at Appendix 3

8. ASSETS THAT REMAIN TO BE REALISED

Director's Loan Account

The Company director, Mr Mark Curtis, had an outstanding director's loan account balance in the sum of £129,331 as at the date of appointment. However, due to the director's personal financial position, he has entered into a voluntary arrangement with Evolution Business Recovery Services Limited. The arrangement, which has been approved by the director's creditors, provides for a distribution of 20p in the £ to creditors, including the Company. We therefore anticipate a future realisation in the sum of £25,866 in respect of the director's loan account.

There are no further assets which remain to be realised.

9. OTHER RELEVANT INFORMATION

Investigations and reporting on directors conduct

You may be aware that a liquidator has a duty to enquire into the affairs of an insolvent company to determine its property and liabilities and to identify any actions which could lead to the recovery of funds. In addition, as explained in the report circulated prior to the meeting of creditors convened pursuant to Section 98 of the Act, a liquidator is also required to consider the conduct of the Company's directors and to make an appropriate submission to the Department for Business Innovation and Skills. We can confirm that we have discharged our duties in these respects.

Investigations carried out to date

We have undertaken an initial assessment of the manner in which the business was conducted prior to the liquidation of the Company and potential recoveries for the estate in this respect. However, our investigations have not identified any matters which will benefit the liquidation estate.

Connected party transactions

We have not been made aware of any sales of the Company's assets to connected parties.

10. CREDITORS' RIGHTS

Right to request further information

Pursuant to Rule 4.49E of the Rules, within 21 days of the receipt of this report a secured creditor, or an unsecured creditor with the concurrence of at least 5% in value of the unsecured creditors, including that creditor, (or an unsecured creditor with less than 5% in value of the unsecured creditors, but with the permission of the court) may request in writing that we provide further information about our remuneration or expenses which have been detailed in this progress report.

Right to make an application to court

Pursuant to Rule 4.131 of the Rules, any secured creditor or any unsecured creditor with the concurrence of at least 10% in value of the unsecured creditors including that creditor, (or any unsecured creditors with less than 10% in value of the unsecured creditors, but with the permission of the court) may, within 8 weeks of receipt of this progress report, make an application to court on the grounds that the remuneration charged or the expenses incurred as set out in this progress report are excessive or, the basis fixed for our remuneration is inappropriate

11. CONCLUSION

As detailed in section eight of this report we are awaiting a distribution from the director's voluntary arrangement in respect of the outstanding director's loan account. Following receipt of the same we will be in a position to enable a distribution to be made to creditors.

We will report again in approximately twelve months' time or at the conclusion of the liquidation, whichever is the sooner.

BEGBIES TRAYNOR CHARGING POLICY

INTRODUCTION

This note applies where a licensed insolvency practitioner in the firm is acting as an office holder of an insolvent estate and seeks creditor approval to draw remuneration on the basis of the time properly spent in dealing with the case. It also applies where further information is to be provided to creditors regarding the office holder's fees following the passing of a resolution for the office holder to be remunerated on a time cost basis. Best practice guidance¹ requires that such information should be disclosed to those who are responsible for approving remuneration.

In addition, this note applies where creditor approval is sought to make a separate charge by way of expenses or disbursements to recover the cost of facilities provided by the firm. Best practice guidance² requires that such charges should be disclosed to those who are responsible for approving the office holder's remuneration, together with an explanation of how those charges are calculated.

OFFICE HOLDER'S FEES IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

The office holder has overall responsibility for the administration of the estate. He/she will delegate tasks to members of staff. Such delegation assists the office holder as it allows him/her to deal with the more complex aspects of the case and ensures that work is being carried out at the appropriate level. There are various levels of staff that are employed by the office holder and these appear in Appendix 3.

The firm operates a time recording system which allows staff working on the case along with the office holder to allocate their time to the case. The time is recorded at the individual's hourly rate in force at that time which is detailed in Appendix 3.

EXPENSES INCURRED BY OFFICE HOLDERS IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

Best practice guidance classifies expenses into two broad categories:

- *Category 1 expenses (approval not required)* - specific expenditure that is directly related to the case usually referable to an independent external supplier's invoice. All such items are charged to the case as they are incurred.
- *Category 2 expenses (approval required)* - items of incidental expenditure directly incurred on the case which include an element of shared or allocated cost and which are based on a reasonable method of calculation.

(A) The following items of expenditure are charged to the case (subject to approval)

- Internal meeting room usage for the purpose of statutory meetings of creditors is charged at the rate of £100 per meeting,
- Car mileage is charged at the rate of 45 pence per mile,
- Storage of books and records (when not chargeable as a *Category 1 expense*) is charged on the basis that the number of standard archive boxes held in storage for a particular case bears to the total of all archive boxes for all cases in respect of the period for which the storage charge relates,

¹ Statement of Insolvency Practice 9 (SIP 9) – Remuneration of insolvency office holders in England & Wales (Effective 1 April 2007)

² Statement of Insolvency Practice 9 (SIP 9) – Remuneration of insolvency office holders in England & Wales (Effective 1 April 2007)

(B) The following items of expenditure will normally be treated as general office overheads and will not be charged to the case although a charge may be made where the precise cost to the case can be determined because the item satisfies the test of a *Category 1 expense*

- Telephone and facsimile
- Printing and photocopying
- Stationery
