4. PROGRESS DURING THE PERIOD COVERED BY THIS REPORT

This is our seventh progress report and should be read in conjunction with our previous progress reports.]

Receipts and Payments

Attached at Appendix 1 is our abstract of receipts and payments for the period from 14 August 2018 to 13 August 2019.

What work has been done in the period of this report, why was that work necessary and what has been the financial benefit (if any) to creditors?

Details of the types of work that generally fall into the headings mentioned below are available on our firm's website - <http://www.begbies-traynorgroup.com/work-details> Under the following headings we have explained the specific work that has been undertaken on this case. Not every piece of work has been described, but we have sought to give a proportionate overview which provides sufficient detail to allow creditors to understand what has been done, why it was necessary and what financial benefit (if any) the work has provided to creditors.

The costs incurred in relation to each heading are set out in the Time Costs Analysis which is attached at Appendix 2. There is an analysis for the period of the report and also an analysis of time spent on the case since the date of our appointment. The details below relate to the work undertaken in the period of the report only. Our previous reports contain details of the work undertaken since our appointment.

General case administration and planning

It is necessary to maintain records to demonstrate how the case was administered and to document the reasons for any decisions that materially affect the case. We have monitored and ensured that the case is adequately bonded (an insurance to protect the interests of unsecured creditors in the potential asset realisations on a case). Cashiering duties, such as banking funds, maintaining accounting records and invoicing in respect of remuneration and disbursements, which is undertaken by support staff throughout the duration of the case. Develop and review the strategy in respect of certain key elements, such as asset realisations and investigations, dependent upon the specific circumstances of a case. Periodic reviews are carried out in order to ensure that asset realisations and investigations are progressing satisfactorily and that statutory requirements of the relevant legislation are complied with.

This has not benefitted creditors financially but was necessary in accordance with insolvency legislation

Compliance with the Insolvency Act, Rules and best practice

Produce a progress report to all creditors and members for the 12 month period ended 13 August 2018 which is also filed with the Registrar of Companies.

This has not benefitted creditors financially but was necessary in accordance with insolvency legislation.

Investigations

As previously advised, our investigations highlighted numerous transactions and concerns regarding certain issues, namely monies being paid to an associated Company (known as Sparrow Recovery) that were actually due to the Company and invoices being issued in the name of Sparrow Recovery relating to works actually carried out by the Company before it ceased to trade. Further information in relation to these matters are highlighted below.

Realisation of assets

The only realisations during the reporting period relate to bank interest and an insurance refund, as detailed on the attached account. We have also continued to correspond with our solicitors in relation to the rents due regarding the land at Skellow. Whilst a final decision has yet to be made, it may not be commercially benefit to pursue this matter. The debtor company has refused to settle the amounts we consider are due and the costs of issuing proceedings may be disproportionate.

The claims detailed above against Sparrow Recovery have also been wholly rejected and, due to a lack of evidence and the costs of pursuing the matter further, the decision has been made to take no further action in this regard.

Dealing with all creditors' claims (including employees), correspondence and distributions

Creditors have been provided with updates on request, in addition to being provided a copy of the progress report covering the 12 month period ended 13 August 2018.

Other matters which includes seeking decisions of creditors via the deemed consent procedure and/or decision procedures, tax, litigation, pensions and travel

We are required to submit returns to HM Revenue & Customs for VAT and Corporation Tax in respect of the periods after the date of our appointment. This will not benefit creditors financially but is necessary pursuant to tax and insolvency legislation.

5. ESTIMATED OUTCOME FOR CREDITORS

Details of the sums owed to each class of the Company's creditors were provided in our progress report for the period 14 August 2012 to 13 August 2013.

On the basis of realisations to date and estimated future realisations we estimate an outcome for each class of the Company's creditors as follows:

Secured creditors

As detailed in our previous progress report, the secured creditors (namely the Royal Bank of Scotland and Aldermore Invoice Finance) have been repaid in full.

Preferential creditors

The preferential claims related to employee claims for arrears of pay and holiday pay and total £23,627. A dividend of 100p in the £ was distributed to all preferential creditors on 13 October 2017

Prescribed Part for unsecured creditors pursuant to Section 176A of the Act

Section 176A of the Act provides that, where the company has created a floating charge on or after 15 September 2003, the liquidator must make a prescribed part of the Company's net property available for the unsecured creditors and not distribute it to the floating charge holder except in so far as it exceeds the amount required for the satisfaction of unsecured debts. Net property means the amount which would, were it not for this provision, be available to floating charge holders out of floating charge assets (i.e. after accounting for preferential debts and the costs of realising the floating charge assets). The prescribed part of the Company's net property is calculated by reference to a sliding scale as follows:

- 50% of the first £10,000 of net property;
- 20% of net property thereafter;
- Up to a maximum amount to be made available of £600,000

A liquidator will not be required to set aside the prescribed part of net property if:

- the net property is less than £10,000 and the liquidator thinks that the cost of distributing the prescribed part would be disproportionate to the benefit; (Section 176A(3)) or
- the liquidator applies to the court for an order on the grounds that the cost of distributing the prescribed part would be disproportionate to the benefit and the court orders that the provision shall not apply (Section 176A(5)).

To the best of our knowledge and belief, there are no unsatisfied floating charges created or registered on or after 15 September 2003 and, consequently, there is no net property as defined in Section 176A(6) of the Act and, therefore, no prescribed part of net property is available for distribution to the unsecured creditors.

Unsecured creditors

We have admitted claims in the total sum of £1,267,778.31

An interim dividend of 2.5 pence in the £1 has been paid to the unsecured creditors on 5 January 2018. We anticipate paying a final nominal dividend within the next 6 months (or at the conclusion of the case), whichever is the sooner.

6. REMUNERATION & DISBURSEMENTS

Remuneration

Our remuneration has been fixed by a resolution of creditors at a meeting held on 8 November 2013 by reference to the time properly given by us (as liquidators) and the various grades of our staff calculated at the prevailing hourly charge out rates of Begbies Traynor (Central) LLP in attending to matters arising in the liquidation.

Our time costs for the period from 14 August 2018 to 13 August 2019 amount to £3,190.50 which represents 15.7 hours at an average rate of £203.22 per hour.

The following further information in relation to our time costs and disbursements is set out at Appendix 2:

- Time Costs Analysis for the period 14 August 2018 to 13 August 2019
- Begbies Traynor (Central) LLP's charging policy

To 13 August 2019, we have drawn the total sum of £136,500 on account of our remuneration, against total time costs of £137,849.50 incurred since the date of our appointment

Time Costs Analysis

The Time Costs Analysis for the period of this report attached at Appendix 2 shows the time spent by each grade of staff on the different types of work involved in the case, and gives the total costs and average hourly rate charged for each work type. An additional analysis is also attached which details the time costs for the entire period for which we have administered the liquidation.

Please note that each analysis provides details of the work undertaken by us and our staff following our appointment only.

Disbursements

To 13 August 2019, we have also drawn disbursements in the sum of £11,163 27.

Category 2 Disbursements

7. LIQUIDATORS' EXPENSES

A statement of the expenses incurred during the period of this progress report is attached at Appendix 3. A cumulative statement showing the total expenses incurred since the date of our appointment also appears at Appendix 3.

8. ASSETS THAT REMAIN TO BE REALISED AND WORK THAT REMAINS TO BE DONE

What work remains to be done, why is this necessary and what financial benefit (if any) will it provide to creditors?

General case administration and planning

We will ensure that the case is adequately bonded (an insurance to protect the interests of unsecured creditors in the potential asset realisations on a case). This category also includes cashiering duties, such as banking funds, maintaining accounting records and invoicing in respect of remuneration and disbursements, which is undertaken by support staff throughout the duration of the case. It also includes all work undertaken in respect of the closure of the case, such as the final file review and calculation/payment of final fees and expenses.

This will not benefit creditors financially but is necessary in accordance with insolvency legislation.

Compliance with the Insolvency Act, Rules and best practice

The Insolvency Act 1986 and the Insolvency Rules 1986, together with subsequent amendments, require insolvency practitioners holding office to produce progress reports and a final report to all creditors and members and file information with the Registrar of Companies including, but not limited to, the required forms and the final report.

This will not benefit creditors financially but is necessary in accordance with insolvency legislation.

Realisation of assets

We will continue to correspond with our solicitors in relation to the rents due regarding the land at Skellow and make a decision on how to proceed.

Dealing with all creditors' claims (including employees), correspondence and distributions

We will continue to liaise with creditors generally and when necessary and, if funds allow, declare a final dividend to unsecured creditors.

Other matters which includes seeking decisions of creditors via the deemed consent procedure and/or decision procedures, tax, litigation, pensions and travel

The preparation and submission of tax returns. We have not accounted for any litigation that might be necessary in respect of the pursuit of monies owed to the Company in relation to the rent at the land at Skellow.

How much will this further work cost?

We estimate our time costs for completing the work will be in the region of £2,500 to £5,000.

Expenses

Details of the expenses that we expect to incur in connection with the work that remains to be done referred to above are as follows:

Legal Fees - £2,500 to £5,000

9. OTHER RELEVANT INFORMATION

Use of personal information

Please note that in the course of discharging our statutory duties as liquidators, we may need to access and use personal data, being information from which a living person can be identified. 10. CREDITORS' RIGHTS

BEGBIES TRAYNOR CHARGING POLICY

INTRODUCTION

This note applies where a licensed insolvency practitioner in the firm is acting as an office holder of an insolvent estate and seeks creditor approval to draw remuneration on the basis of the time properly spent in dealing with the case. It also applies where further information is to be provided to creditors regarding the office holder's fees following the passing of a resolution for the office holder to be remunerated on a time cost basis. Best practice guidance¹ requires that such information should be disclosed to those who are responsible for approving remuneration.

In addition, this note applies where creditor approval is sought to make a separate charge by way of expenses or disbursements to recover the cost of facilities provided by the firm. It also applies where payments are to be made to parties other than the firm, but in relation to which the office holder, the firm or any associate has an interest. Best practice guidance² indicates that such charges should be disclosed to those who are responsible for approving the office holder's remuneration, together with an explanation of how those charges are calculated.

OFFICE HOLDER'S FEES IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

The office holder has overall responsibility for the administration of the estate. He/she will delegate tasks to members of staff. Such delegation assists the office holder as it allows him/her to deal with the more complex aspects of the case and ensures that work is being carried out at the appropriate level. There are various levels of staff that are employed by the office holder and these appear below.

The firm operates a time recording system which allows staff working on the case along with the office holder to allocate their time to the case. The time is recorded at the individual's hourly rate in force at that time which is detailed below.

EXPENSES INCURRED BY OFFICE HOLDERS IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

Best practice guidance classifies expenses into two broad categories:

- *Category 1 disbursements (approval not required)* - specific expenditure that is directly related to the case and referable to an independent external supplier's invoice. All such items are charged to the case as they are incurred.
- *Category 2 disbursements (approval required)* - items of expenditure that are directly related to the case which include an element of shared or allocated cost and are based on a reasonable method of calculation, but which are not payable to an independent third party.

(A) The following items of expenditure are charged to the case (subject to approval):

- Internal meeting room usage for the purpose of statutory meetings of creditors is charged at the rate of £100 (London £150) per meeting;
- Car mileage is charged at the rate of 45 pence per mile;
- Storage of books and records (when not chargeable as a *Category 1 disbursement*) is charged on the basis that the number of standard archive boxes held in storage for a particular case bears to the total of all archive boxes for all cases in respect of the period for which the storage charge relates,

Expenses which should be treated as Category 2 disbursements (approval required) – in addition to the two categories referred to above, best practice guidance indicates that where payments are to be made to outside parties in which the office holder or his firm or any associate has an interest, these should be treated as Category 2 disbursements

¹ Statement of Insolvency Practice 9 (SIP 9) – Remuneration of insolvency office holders in England & Wales

² Ibid 1

Services provided by an entity within the Begbies Traynor group

The following items of expenditure which relate to services provided by entities within the Begbies Traynor group, of which the office holder's firm is a member, are also to be charged to the case (subject to approval):

- Asset Recovery, Appraisal and Valuation, Disposal and Consultancy services are provided by Eddisons Commercial which is part of Begbies Traynor Group plc.

Due to the varied nature of the work carried out, Asset Recovery, Appraisal and Disposal costs are charged on one or more of the following basis.

- These costs are paid from asset realisations of the company:

- Time costs of £ 275 per hour – Director
- Time costs of £ 180 per hour – Associate Director
- Time costs of £ 120 per hour – Surveyor
- Time costs of £ 100 per hour – Graduate
- Time costs of £ 80 per hour – Administrator
- Time costs of £ 35 per hour – Porter

- 10% of realisations in respect of asset sales and auction sales
- 15% Buyers Premium in respect of auction sales
- A fixed charge fee by agreement within the rates above

Any necessary additional services which might be provided would be within these rates.

- Eddisons Insurance Services Limited is also part of Begbies Traynor Group plc and provides insurance services on a fixed premium basis.

(B) The following items of expenditure will normally be treated as general office overheads and will not be charged to the case although a charge may be made where the precise cost to the case can be determined because the item satisfies the test of a *Category 1 disbursement*:

- Telephone and facsimile
- Printing and photocopying
- Stationery
